

21st Century Math Tools

Interactive Workshop

High School – Tech School – College

Students – Teachers – Parents

Anyone who is interested in learning or using Math in any STEM subject needs to be Fully Aware of these TWO Revolutionary 21st Century Math Tools! (or be left behind?)

Wolfram Alpha (2009) Free via Internet

Wolfram Language (2015) Free via Internet

These two amazing Mathematica Tools revolutionize the way a math student learns math and solves problems.

It's like having two Math Geniuses On-Call 24/7

Expert Mathematician and Expert Math Tutor

***Algebra – Trigonometry - Analytical Geometry,
Calculus - Differential Equations - Graphing and
Analyzing Functions - Creating Math Models
and Much Much More!***
