

Need to Level-Up Your Math Game Before You Head Off for College?

Immerse yourself in a 10 day online summer program designed to prepare you for success in math for the college STEM courses you will be facing this fall.

By “Supra” Charging Your Math Abilities . . .

- ✓ You will be able to solve any math problem.
- ✓ You’ll be prepared to compete with other students who can solve STEM math problems.
- ✓ You’ll master the SupraComputer using Wolfram Alpha.
- ✓ You’ll learn how to ask questions properly to get the correct answers quickly.

You’ll get:

- Live, interactive online instruction from a Ph.D. in Math who has taught advanced math courses at the college level.
- Access to online, interactive and self-paced math lessons with notes and exercises if needed.
- A personalized SupraComputer to use during the course and when you head off to college (a \$199 retail value).

When? Monday-Friday, June 18th -29th, Noon - 4 PM Eastern.

Daily sessions will start with a group meeting/instruction followed by independent studies and individualized tutoring, and ending with a group meeting/instruction.
